A PRODUCTIVITY PRESS BOOK

Contents

Prologue: Innovation Master Plan Framework	xvii
Chapter 1 Preparing Your Organization for Innovation	1
Introduction	2
On the Intake of Ideas.....	3
Getting Organized for Innovation	6
Flexibility and Ability	10
Got an Idea?.....	12
Equal Consideration.....	13
Internal Venture Capital	14
Incentives	16
Summary	19
Chapter 2 Promoting and Communicating	21
Introduction	22
Summary	29
Chapter 3 Personal Creativity for Entrepreneurs	33
Drucker on Creativity and the Entrepreneur	33
Introduction	34
Boosting Your Creativity Ability.....	35
Overview.....	38
Tool #1: The Quickscore Creativity Test.....	41
Finding Opportunities and Problems to Solve	
Requires New Thinking	46
Tool #2: Kano Analysis	48
Tool #3: Nominal Group Technique	50
Tool #4: Syntectics.....	51
Tool #5: Operational Creativity	54
Tool #6: New Ideas with Storyboarding	55

Tool #7: Absence Thinking.....	57
Tool Summary.....	57
Opportunity Exploration (Insight)	58
Tool # 8: Breakdown (Drilldown) Tree Diagram	58
Tool #9: Lotus Blossom	59
Tool #10: Force Field Analysis Diagram.....	63
Summary	68
 Chapter 4 Corporate Creativity and Innovation	71
Introduction	72
Ekvall Builds on Drucker	75
A Look at Some Organizational Creativity Models.....	82
Six Vital Fundamentals of Corporate Business	
Creativity.....	84
Analysis by Kano Examination	89
Organizational Visual Identity	91
Organizational Syntetics	91
Brainstorming	92
Six Thinking Hats.....	93
Attribute Listing.....	94
TRIZ	99
Summary	99
 Chapter 5 Innovation Theory for Entrepreneurs	101
Introduction	102
Innovation Theory Key Points.....	105
What the Research Shows	108
About Problem Analysis.....	109
Innovation isn't a Choice.....	111
Requirements for a Scientific Theory of Innovation.....	113
Your Business is Being Disrupted Right Now	114
The General Theory of Innovation.....	116
Theory of Four Zones of Innovation.....	119
You Have Strategies to be Innovative, Even if You	
Aren't	123
Summary of Yezersky's Five Conditions	124
Bibliography	126

Chapter 6	Business Essentials for Innovative Entrepreneurs	127
	Introduction	128
	Overview	132
	Business Essential #1: Aspire.....	134
	Business Essential #2: Choose.....	135
	Business Essential #3: Discover	136
	Business Essential #4: Evolve	137
	Business Essential #5: Accelerate.....	138
	Business Essential #6: Scalability	139
	Business Essential #7: Extend	139
	Business Essential #8: Mobilize	140
	Use Matrix Thinking to “Think Outside the Box”	141
	Use Constraints to “Think Inside the Box”	142
	The Matrix and Running an Enterprise.....	143
	Matrix Thinking and Creativity	144
	Summary	146
 Chapter 7	 Innovation Readiness and Deployment.....	 149
	Introduction	150
	The CIO’s Role.....	154
	Cultural Leadership for Innovation.....	156
	Innovation Infrastructure and Metrics	157
	Innovation Methodology (Tactical Innovation).....	158
	Innovation Proficiency.....	159
	Issues of Deployment	161
	Integrating Innovation as a Deployment Strategy	162
	Summary	162
	Bibliography	162
 Chapter 8	 The Innovation Process Model	 165
	Let’s get started	166
	Introduction	168
	Brief History of Innovation Process Models.....	170
	Introduction to HOW™: A Collaborative/Strategic Innovation Process (Figure 8.2).....	179
	Building the Knowledge, Practices, and Behaviors (KPB) to Foster and Sustain Innovation.....	179

The 12 Step Activities That Make Up the Innovation

Process.....	181
Foundation: Innovation Process Governance and Strategic Collaboration Framework	183
Step #1: Aligning Strategy with Innovation	186
Step #2: Opportunity Identification: Determine Customer Needs and Jobs-to-be-Done	189
What is Jobs-to-be-Done	190
Step #3: Creation Using Insight-to-Ideation	192
Step #4: Value Propositions = Insight-to-Action	196
Overview	196
Step #5: Concept Validation = Monitor/Measure	200
Monitor: Innovation Measurement and Management	201
The \$64,000,000 Question: How Do You Measure Innovation?	202
HOW Software	204
Step #6: Business Case and Management Reviews.....	204
Step #7: Documentation using Visual Rapid Ideation Workshops	207
Overview	207
Step #8: Resourcing for Opportunity Segmentation and Methods and Tool Selection	211
Introduction.....	211
Some Innovation Methods and Tools.....	212
Doing Projects Right: Getting New Products to Market More Efficiently.....	215
Step #9: Production: Align and Adapt Opportunities Using Roadmapping.....	216
Overview	216
Cross-Functional <i>Roadmapping</i>	218
Progressive Disclosure Roadmapping.....	219
Step #10: Tie Opportunities to Compensation and Markets.....	219
Step #11: Enable Sales Success Using Rapid Prototyping.....	221
Step #12: After-Sales Service Using Best Practices.....	223
Step #13: Performance Analysis Using Best-Practice Methods	224

Overview	224
Step #14: Portfolio Management and Transition	231
Top-Down Portfolio Management	233
Bottom-Up Portfolio Monitoring	233
Best-Practice Portfolio Reports.....	234
Epilogue.....	235
Bibliography	238
 Chapter 9 Innovation and Consumer/Customer Insight	241
Key Learnings from Drucker	242
Overview	242
The Relevance of Market Research.....	243
The Hyper-Connected Consumer	244
Speed of Delivery Is Important (and Slow)	245
Optimize the Respondent Experience and Connect with Engaged Consumers.....	246
Automate Your Repetitive Data-Gathering Work.....	246
Build First-Party Data	246
Link Data and Insights to Other Areas of Your Business.....	247
Append Other Data Sets	247
Remove Operational Silos.....	248
At the Center of Customer Insights	251
Summary	254
 Chapter 10 Building a Strong Organizational Foundation for Innovation	257
Introduction	258
Conduct an Innovation Culture Audit.....	259
Define and Benchmark What Innovation Means for Your Organization.....	260
Create a Common Language and Framework for Innovation	262
Terms and Definitions.....	263
Define Your Innovation Vision and Measures.....	264
On Understanding Measures of Innovation.....	266
Define Your Innovation Strategy.....	269

Define Your Innovation Goals.....	270
Create a Pool of Money to Fund Innovation Projects	270
Create Human Resource Flexibility to Staff Innovation Projects.....	271
Focus on Value – Innovation is All About Value.....	272
Focus on Learning Fast.....	273
Summary	274

Chapter 11 Innovation Methods.....275

Introduction	280
Companies Cannot Afford to Rely Upon Flashes of Brilliance by Individual Inventors Working Alone	281
Improving the Innovation Operating System.....	283
A Systems Framework for Innovation	283
Caveat Emptor amid Growing Innovation Chic	285
Renovation May Be a Better Bet.....	286
The Myth of Disruptive Innovations	287
Innovation as Design Process	290
Card Sort.....	293
Scenarios	294
Still-Photo Survey	294
Character Profiles	294
Beyond Design	294
Herding and Hearing Flocks of Brains.....	296
An Age of Time, Talent and Intangibles	301
A Shortcut via Experimentation.....	308
And Suddenly the Inventor Appeared.....	310
Summary	311

Chapter 12 Managing an Intellectual Property Portfolio.....315

Introduction	316
Be Clear About your Innovation Ambition	317
The Innovation Ambition Matrix	318
Strike and Maintain the Right Balance.....	320
Is There a Golden Ratio?.....	321
How Innovation Pays the Bills.....	321
Different Ambitions, Different Allocations	322

Organize and Manage the Total Innovation System	323
Talent	323
Integration	324
Funding	325
Pipeline Management.....	326
Metrics.....	326
Summary	327
 Chapter 13 TRIZ & STEM Joined at the Hip.....	329
The Importance of STEM and TRIZ in an Innovation Infrastructure.....	329
The Origin of TRIZ	330
Altshuller's Five TRIZ Levels of Invention	330
Interdisciplinary Approach of STEM	331
The Levels of STEM Education.....	332
Introduction to the TRIZ-STEM Conundrum™	333
TRIZ-STEM Conundrum™ Explained	337
Realization that a Systematic Approach Can Be Beneficial for Innovation and Creativity.....	338
Application of TRIZ to Innovative Education.....	338
TRIZ: Innovation Can Be Software Assisted – A New Use for Artificial Intelligence.....	339
Apply TRIZ to STEM Education for Thinking Training and Practices	340
The Integration of the STEM Curriculum with TRIZ Methodology	343
The Need for STEM Education: The World Is Winning....	345
Summary of the TRIZ-STEM Conundrum™	347
Bibliography	347
 Chapter 14 Global Innovation Problem Areas and Quality of R&D Ideas.....	349
Overview of the Idea Evaluation Process.....	352
Criteria and Methods for Conducting Idea Screening.....	353
Innovations Vary Widely in Value.....	355
Using the Model of Dominant Design.....	358
Global Innovation Problems	362
Summary	366

Chapter 15 Total Innovation Management for Excellence (Time)	369
Introduction	370
Today's Problem with Innovation Approaches.....	374
Total Innovation Management for Excellence	
Methodology	379
Tier I-Value to Stakeholders	380
BB1 – The Foundation	380
Tier II – Setting the Direction	382
BB2 – Organizational Assessment.....	382
BB3 – Top Management Leadership.....	384
BB4 – Performance and Cultural Change	
Management Plan	385
BB5 – Meeting Stakeholders Expectations	386
BB6 – Project Management Systems	386
Tier III – Basic Concepts	387
BB7 – Management Participation.....	387
BB8 – Team Building.....	388
BB9 – Individual, Creativity, and Excellence.....	388
BB10 – Supplier Partnerships	388
Tier IV – The Delivery Processes.....	389
BB11 – Process Breakthrough	389
BB12 – Service and Product Excellence	389
BB13 – Technology, Automation, and Artificial	
Intelligence.....	390
Tier V – Organizational Impact	390
BB14 – Measurement Systems	390
BB15 – Organizational Structure.....	391
Tier VI – Shared Value.....	391
BB16 – Rewards and Recognition	392
Summary	392
Summary	394
Epilogue.....	397
Index.....	419
