Introduction	1
<i>National systems of industrial production: definition and comparison</i>	3
<i>Geopolitical embeddedness: a neglected dimension</i>	8
<i>Institutional constraints, actors, and networks: a theoretical framework</i>	9
<i>Comparative historical analysis: a methodological program</i>	14
Part I: Cross-National Transfer: Structural Types	19
1 The American Structural Revolution	23
Inventing the Corporate System of Industrial Production	
<i>Redefining the competitive environment: the 'trust question'</i>	24
<i>Reinventing capitalist ownership: the corporate revolution</i>	30
<i>Reorganizing corporations: mass production and formalization</i>	34
2 Stability of European Industries	42
Preserving Structural Arrangements before 1939	
<i>Family capitalism in France: stability of the social order</i>	42
<i>Organized capitalism in Germany: checking competition</i>	51
Part II: Cross-National Transfer: Conditions, Channels, and Actors	65
3 Crisis Inside, Dependence Outside	71
Preconditions of a Cross-National Transfer	
<i>France: in search of a 'Great Power' model</i>	71
<i>Occupied Germany: conditions for a controlled experiment</i>	79
<i>Italy: dependence and indifference</i>	86
4 Actors and Institutional Channels	94
Emergence of a Cross-National Modernizing Network	
<i>French technocrats and the modernization imperative</i>	95
<i>Americans in West Germany and the strategy of co-optation</i>	103

✕ American Marshall planners and the missionary spirit	111
Italy: the weak point of the cross-national network	118
Part III: Cross-National Transfer: Mechanisms	129
5 Voluntary Imitation	135
Adopting the Corporate Model in France	
<i>Operating the French planning institutions</i>	135
<i>Launching and institutionalizing the productivity effort</i>	143
<i>Towards an integrated European market: the Schuman plan</i>	150
6 From Coercion to Imitation	162
Transplanting the Corporate Model to West Germany	
<i>Imposing a regulative framework to foster competition</i>	163
<i>Implementing the social market economy</i>	171
7 From Control to Conversion	187
Embedding the Corporate Model in Western Europe	
<i>Counterpart funds: a powerful control device</i>	188
<i>'Politics of productivity': towards conversion strategies</i>	201
Part IV: Cross-National Transfer: National Limits	223
8 The Resistance of European Business	227
Organized Opposition to Structural Transformations	
<i>German business and the issue of competition</i>	228
<i>French business and the issues of size and ownership structure</i>	237
9 European Labor and Productivity	249
Between All-Out War and Active Participation	
<i>Reshaping the labor scene in Western Europe</i>	250
<i>Communist labor in France and American imperialism</i>	252
<i>From participation to manipulation: 'free' labor in France</i>	255
<i>West German labor: choosing constructive collaboration</i>	258
<i>Communism and christian democracy in Italy: unlikely affinities</i>	261
<i>Concluding Remarks</i>	271
<i>Bibliography</i>	283
<i>Index</i>	299
